

UNDERSTANDING SAN DIEGO'S WATER

SIGNS OF THE TIDE

Could an oil disaster happen here? The destruction from the ongoing oil spill in the Gulf of Mexico is harming wildlife, habitat, fisheries, tourism and more. What if it happened in San Diego? We'll examine how a spill could happen in here, how it would impact the region and steps we can take to prevent such a disaster.

Moderator:

Ed Joyce,
Reporter/Producer for KPBS

Speakers:

Robin Lewis
Senior Environmental Scientist,
Office of Oil Spill Prevention and
Response Department of Fish and Game

Dr. Steve Weisberg
Executive Director
Southern California Coastal Water
Research Project

Debbie Cook
Former Mayor of Huntington Beach
Advisory Board Member of Association for the
Study of Peak Oil and Gas - USA

Thursday, August 26, 6-8 p.m.

**Center for Sustainable Energy
8690 Balboa Ave., Suite 100
San Diego, CA 92123**
